NOTICE TO PEOPLE WITH DISABILITIES

The CPUC encourages all Californians to participate in its meetings, hearings, workshops, and proceedings. We try to hold our public meetings only in places that are wheelchair accessible and which can accommodate specialized equipment and other services useful to people with disabilities. Please see the notice of the meeting you wish to attend for more specifics.

If you plan to attend and need specialized accommodations for a particular meeting that are not listed in the notice, request them from the Public Advisor's Office at least three business days in advance of the meeting. Contact the Public Advisor's Office by any one of the following:

- e-mail: public.advisor@cpuc.ca.gov
toll-free: 1-866-849-8390
Voice: 415-703-2074
FAX: 415-355-5404 (Attn.: Public Advisor)
TTY: 1-866-836-7825 (toll-free)
1-415-703-5282

NOTICES

Delivery of Formal Pleadings for Filing

Unless otherwise directed, all courier-delivered documents submitted for filing as part of the formal record in a proceeding should be hand-carried directly to the Commission's Docket Office, Room 2001, 505 Van Ness Avenue in San Francisco; Suite 500, 320 West 4th Street in Los Angeles; or Room 4006, 1350 Front Street in San Diego. All documents sent through the mail for formal filing should be addressed ONLY to the Commission's Docket Office, Room 2001, 505 Van Ness Avenue, San Francisco, CA 94102.

Charge for Commission Documents

To purchase Commission documents, there is a charge of 20 cents a printed page (postage prepaid) with a minimum purchase of \$2.00.

Commission Resources Available for Rental

The auditorium, hearing rooms and training room at the headquarters of the California Public Utilities Commission, located at 505 Van Ness Avenue, San Francisco, are available for rent. Further information about requirements and fees can be obtained by contacting Colette Kondo at (415) 703-1401.

SUBSCRIPTION INFORMATION

Subscription Notice for Draft Agenda Items

In compliance with Public Utilities Code Section 311.5, parties who wish to subscribe to receive draft agenda items may do so by writing to the Public Utilities Commission; Attention: Poly Arca, Room 1003, 505 Van Ness Avenue, San Francisco, CA 94102, or by calling (415) 703-1798. The cost for a one-year subscription to the entire public agenda package (which excludes Executive Session materials) is \$1,000. You may also order a partial agenda package (energy agenda items only or telecommunication agenda items only) at the cost of \$500 per year. The package you receive via mail will include only those agenda items available at the time of the agenda distribution date, which is usually 10 to 12 days prior to the Commission meeting. If agenda items (including revisions) are not ready on the distribution date, they will be made available at no charge in the lobby outside the Commission Auditorium at 9:00 a.m. on the morning of the Commission meeting, but not earlier.

In addition, the Commission will make draft agenda items available for viewing and photocopying (at 20 cents per page) at the Commission's Central Files Office (Room 2002), 505 Van Ness Avenue, San Francisco, and in the Los Angeles, San Diego, and Sacramento field offices. Since the agenda package will be mailed to these locations, it will be available at these locations a day or two after the distribution date. These locations will not receive agenda items that are not ready on the distribution date.

If an agenda item is held over to a subsequent Commission meeting, that agenda item and any revisions to that agenda item that were available on the morning of the initial Commission meeting (as well as any further available revisions) will be mailed in the Escutia package for the subsequent Commission meeting; the item and its revisions will also be available for viewing and photocopying in the Commission's Central Files Office and field offices as set forth above.

Intervenors who have a financial hardship determination pending or granted shall be eligible to receive draft agenda item packets at no charge.

The cost to receive the agenda only, without copies of draft agenda items, remains at \$75 per year.

Subscription Notice for Daily Calendar and/or Agenda

Parties who wish to subscribe to the Daily Calendar and/or the Agenda may do so by writing to the Public Utilities Commission; Attention: Poly Arca, Room 1003, 505 Van

Ness Avenue, San Francisco, CA 94102, or by calling (415) 703-1798. The subscription cost for the Daily Calendar is \$225 per year. The Biweekly Daily Calendar is \$50 per year. The Agenda is \$75 per year. Checks are to be made payable to the Public Utilities Commission.

PUBLIC MEETING & WORKSHOPS

Public Meeting Notice – Joint Meeting of CEC, Power Authority and CPUC

<i>Joint Meeting of California Energy Commission, Consumer Power and Conservation Financing Authority and California Public Utilities Commission March 11, 2003 10 am – 2 pm</i>	<i>CalPERS Building Lincoln Plaza Auditorium 400 P Street Sacramento</i>
--	--

The Energy Resources Conservation and Development Commission (CEC), the Consumer Power and Conservation Financing Authority (CPA), and the PUC will hear from the public and discuss the Draft Energy Action Plan, proposed by a subcommittee of the three agencies. The Plan establishes shared goals and specific actions to ensure adequate, reliable, and reasonably-priced electrical power and natural gas supplies are achieved and provided through policies, strategies, and actions that are cost-effective and environmentally sound for California's consumers and taxpayers. No decisions will be made at this public meeting.

For further information about making public comments at this meeting, please contact the PUC Public Advisor at (415) 703-2074 or by e-mail: public.advisor@cpuc.ca.gov, the CEC Public Advisor at (916) 654-4489 or (800) 822-6228, or the Power Authority at (916) 651-9750. If specialized accommodations for the disabled are needed, call the Public Advisor at (415) 703-2074 five working days in advance of the event.

Public Meeting

<i>March 12, 2003 Lottery begins at 1:30 pm</i>	<i>California Public Utilities Commission 505 Van Ness Avenue, Room 3204 San Francisco</i>
---	--

**LOTTERY FOR TELEPHONE NUMBER PREFIX ASSIGNMENTS IN THE
209, 310, 323, 408, 415, 510, 530, 559, 619, 650, 707, 714, 760, 805, 818, 909, 916, 925
AND 949 NUMBERING PLAN AREAS**

The Telecommunications Division of the California Public Utilities Commission will be conducting a lottery to determine allocations of central office codes (NXXs) in the 209, 310, 323, 408, 415, 510, 530, 559, 619, 650, 707, 714, 760, 805, 818, 909, 916, 925 and 949 area codes pursuant to the provisions of D.96-09-087. Applications should be submitted to the California Code Administrator prior to the close of business on March 4, 2003. All companies applying for central office codes must have their NRUF data on file with the California Code Administrator. For information on the NRUF filing, call (925) 363-8736. For information on the lottery process, call (415) 703-5953. If specialized accommodations for the disabled are needed, call the Public Advisor at (415) 703-2032 five working days in advance of the event. Companies, who wish to have a sealed envelope prepared for them on an ongoing basis containing their confidential letter designations for each NPA lottery drawing, should submit such a request in writing. Requests should be submitted prior to the close of business on March 7, 2003 to: Sue Wong, Telecommunications Division, California Public Utilities Commission, 505 Van Ness Avenue, San Francisco, CA 94102.

Public Meeting Notice – Deaf and Disabled Telecommunications Program

*Equipment Program Advisory Committee
March 13, 2003
10 am – 4 pm*

2/14/03	A01-09-040	Clear World Communications Corporation, for a Certificate of Public Convenience and Necessity to Operate as a Provider of Resold Local Exchange Telecommunications Service within the State of California.
---------	------------	--

Summary: On February 11, 2003, Andrew Ulmer, Counsel for the Clear World Communications Corporation (Clear World), had a telephone conversation with Jonathan Lakritz, advisor to Cmmr. Wood. Ulmer stated that the Commission should not adopt the alternate of Cmmr. Lynch to issue an order to show cause and transform the proceeding from a ratesetting to an adjudicatory matter. Ulmer stated that Clear World was willing to accept the injunctive relief set forth in the ALJ's proposed decision but that the threat to revoke the Company's certificate of public convenience and necessity (CPCN) contained in the alternate was unwarranted. Ulmer stated that the record did not sustain CPSD's allegations of widespread slamming. Ulmer also stated that CPSD had made allegations that Clear World was controlled by Christopher Mancuso. Ulmer explained that the record did not support this allegation. Ulmer also explained that the proceeding involved a number of unfounded arguments concerning the conduct of Clear World and that an order to show cause would, as a practical reality, amount to a regulatory signal to the Company to scale back or shut down California operations.

Commission to Re-Examine the Costs and Prices of the
Expanded Interconnection Service Cross-Connect
Network Element in the Second Annual Review of
Unbundled Network Element Costs pursuant to
D99-11-050.
- A02-03-002 XO California, Inc. (U 5553 C), for the Commission to
Re-Examine the Recurring Costs of DS1 and DS3
Unbundled Network Element Loops provided by Pacific
Bell Telephone Company, as and for the Commission's
Second Triennial Review of Recurring Unbundled
Network Element Costs pursuant to Ordering
Paragraph 11 of D99-11-050.

Summary: On February 19, 2003, Barry Broad, on behalf of the California Labor and Telecommunications Coalition, met with William Julian II, Executive Director, in Sacramento, and spoke on the telephone with Jonathan Lakritz, advisor to Cmmr. Wood. Broad stated that it is important to price unbundled network elements correctly. Broad explained that if they are priced too low, there is no incentive to invest in the network and if they are priced too high, competition will be stifled.

2/21/03 R02-01-011 Order Instituting Rulemaking regarding the
implementation of the suspension of direct access
pursuant to Assembly Bill 1X and Decision
01-09-060.

Summary: On February 19, 2003, Evelyn Kahl, counsel to the Energy Producers and Users Coalition (EPUC), Kimberly Clark and Goodrich Aerostructures Group, met with Julie Fitch, advisor to Pres. Peevey, in San Francisco. Also present were David

Gamson, advisor to Cmmr. Brown, Scott Folwarkow, Director, Government Affairs – California, and Richard Marcogliese, Senior Vice President, Refining operation, representing Valero Energy Corporation (Valero). Folwarkow and Marcogliese reminded the Commission that the Valero developed a 48 MW cogeneration unit in the midst of the energy crisis. Folwarkow and Marcogliese stated that had Valero been award of the scope of exit fees for Customer Generation that are contemplated in the alternate of Cmmr. Lynch, Valero may have chosen not to proceed with the project. Folwarkow and Marcogliese stated further that the adoption of the alternate could result in deferral of an additional 50 MW of generation planned at the Valero refinery. Kahl noted that other companies within EPUC had similar situations, and that it was possible that the adoption of the alternate could result in the shutdown of existing Customer Generation facilities and terminate plans for future development. The parties urged the adoption of the proposed decision of ALJ Pulsifer and the rejection of the alternate.

Summary: On February 18, 2003, Christopher J. Mayer, Assistant General Manager Planning and Marketing, Modesto Irrigation District (Modesto), met with Cmmr. Brown and Kevin Coughlan, advisor to Pres. Peevey, in two separate meetings in San Francisco. At the meeting with Cmmr. Brown also present was David Gamson, advisor to Cmmr. Brown. Joy A. Warren, Modesto's Senior Staff Attorney, participated in both meetings. Mayer and Warren explained that Modesto may not provide electric service to retail customers within Pacific Gas and Electric Company's (PG&E) territory except as defined in Section 9610; thus, any customers departing PG&E's electric service to take service from Modesto would be within Modesto's own electric service area. Warren noted that pursuant to the Rate Agreement decision adopted by the Commission, Modesto's customers, by definition, cannot be subject to bond charges. Mayer and Warren also discussed the application of cost recovery surcharges to new load not previously existing in Modesto's service area, noting that application of such charges to such new load would appear very much like a tax. Mayer and Warren concluded that no exit fees should be imposed upon the departing load within Modesto's statutory defined electric service area; however, should the Commission attempt to impose such fees, they should be applied only prospectively and any caps and/or exemptions applicable to other categories of customers should be equally applicable to municipal departing load customers.

R02-01-011

Order Instituting Rulemaking regarding the implementation of the suspension of direct access pursuant to Assembly Bill 1X and Decision 01-09-060.

Summary: On February 21, 2003, Evelyn Kahl, counsel to the Energy Producers and

Users Coalition (EPUC), Kimberly Clark and Goodrich Aerostructures Group, met with Laura Krannawitter, advisor to Cmmr. Kennedy, in San Francisco. Also present was Nora Sheriff, counsel to EPUC. Kahl and Sheriff reaffirmed support of the proposed decision (PD) of ALJ Pulsifer and expressed concerns over the alternate of Cmmr. Lynch. Kahl and Sheriff emphasized that the 'cap' for exemptions from the California Department of Water Resources (CDWR) forward costs applies to MW of load leaving the grid, not to the size of the generator. Referring to the alternate, Kahl noted that the decision would have adverse effects both on projects that were constructed at the urging of the State and have begun development and on future project development. Kahl further noted that the PD provides ample opportunity for CDWR forward cost exemption for the amount of clean/super-clean projects. Kahl and Sheriff urged the adoption of the PD and the rejection of the alternate.

2/24/03	R93-04-003	Commission Order Instituting Rulemaking on Commission's own motion to govern open access to bottleneck services and establish a framework for network architecture development of dominant carrier networks and
	I93-04-002	Commission Order Instituting Investigation on the Commission's own motion into open access and network architecture development of dominant carrier networks.

Summary: AUGMENTATION REQUIRED. On February 20, 2003, Jeff Compton, Director of Carrier Relations of Telscape Communications, Inc. (Telscape), met with Cmmr. Wood in an all-party meeting in San Francisco. Also present were Jonathan Lakritz, advisor to Cmmr. Wood, ALJ Duda, John Clark of Goodin, MacBride, Squeri, Ritchie & Day, LLP, attorneys for Telscape, and representatives of the Office of Ratepayer Advocates, Verizon, AT&T, WorldCom, and The Utility Reform Network. Compton and Clark indicated their opposition to the alternate of Pres. Peevey insofar as it proposes loop prices that are higher than those proposed in the draft decision of ALJ Duda. Compton and Clark stated that Telscape focuses on the provision of service to Spanish-speaking residential subscribers and utilizes UNE-P as a mean to expand its services into new geographic areas and that, once it has established a sufficient customer base, Telscape typically migrates its customers to UNE loops and its own switching, but that Verizon's UNE rates are too high to support entry on that basis. Compton and Clark noted that Telscape supports the lower switching prices proposed in both draft decisions, but believes that the higher loop rates proposed in the alternate will discourage investment by competitors in their own facilities. Compton and Clark argued that there is no reasonable basis for expecting Verizon's loop rates in its Zone 1 area to be dramatically different from SBC's statewide rates.

Summary: On February 20, 2003, Jeff Compton, Director of Carrier Relations of Telscape Communications, Inc. (Telscape), met with Lester Wong, advisor to Pres. Peevey, in San Francisco. Also present was John Clark of Goodin, MacBride, Squeri, Ritchie & Day, LLP, attorneys for Telscape. Compton and Clark indicated their opposition to the alternate of Pres. Peevey insofar as it proposes loop prices that are higher than those proposed in the draft decision of ALJ Duda. Compton and Clark asserted that there is no reasonable basis for expecting Verizon's loop rates in Zone 1 area to be dramatically different from SBC's statewide rates. Compton and Clark noted that the alternate is inconsistent with a policy of encouraging growth in facilities-based competition and that providing a true-up mechanism, which potentially offers refunds of excessive prices, will not allow competitors to enter the market if the interim rates are too high.

Summary: AUGMENTATION REQUIRED. On February 20, 2003, Jeff Compton, Director of Carrier Relations of Telscape Communications, Inc. (Telscape), met with Cmmr. Wood in an all-party meeting in San Francisco. Also present were Jonathan Lakritz, advisor to Cmmr. Wood, ALJ Duda, John Clark of Goodin, MacBride, Squeri, Ritchie & Day, LLP, attorneys for Telscape, and representatives of the Office of Ratepayer Advocates, Verizon, AT&T, WorldCom, and The Utility Reform Network. Compton and Clark indicated their opposition to the alternate of Pres. Peevey insofar as it proposes loop prices that are higher than those proposed in the draft decision of ALJ Duda. Compton and Clark stated that Telscape focuses on the provision of service to Spanish-speaking residential subscribers and utilizes UNE-P as a mean to expand its services into new geographic areas and that, once it has established a sufficient customer base, Telscape typically migrates its customers to UNE loops and its own switching, but that Verizon's UNE rates are too high to support entry on that basis. Compton and Clark noted that Telscape supports the lower switching prices proposed in both draft decisions, but believes that the higher loop rates proposed in the alternate will discourage investment by competitors in their own facilities. Compton and Clark argued that there is no reasonable basis for expecting Verizon's loop rates in its Zone 1 area to be dramatically different from SBC's statewide rates.

2/24/03	R02-01-011	Order Instituting Rulemaking regarding the implementation of the suspension of direct access pursuant to Assembly Bill 1X and Decision 01-09-060.
---------	------------	---

Summary: On February 19, 2002, Jeffrey P. Gray, counsel for the California Solar Industries Association, met with Robert Kinosian, advisor to Cmmr. Lynch, in San

Francisco. Also present were Dough Linney of East Bay Municipal Utility District, M. Todd Foley of BP Solar, Daniel Pellegrini and Scott D. Ragsdale of Cooperative Community Energy, Dan Thompson and Juliette Anthony of Sun Power, Janice Lin of Powerlight, Howard Wenger of AstroPower, and Mark Liffmann of Solar Depot. Written material (attached to the notice) was used. Gray commended the alternate for recognizing that, absent an exemption from exit fees for distributed solar generation, the policy initiatives of the Legislature to advance for further development of clean, renewable solar generation will suffer a major setback. Linney, Foley, Pellegrini, Ragsdale, Thompson, Anthony, Lin, Wenger, and Liffmann each explained how the failure to exempt all customer solar generation from exit fees will create uncertainty in the industry, harm customer investment in solar generation and potentially undermine to goals of net metering. Wenger noted that any decision, which fails to exempt all customer solar generation from exit fees, would be contrary to the many legislative and administrative policies encouraging investment in renewable generation. Thomson also noted that there was no reasonable basis to put a cap on the amount of megawatts that would be exempt from exit fees nor to distinguish between net metered and non-net metered customers for purposes of applying exit fees. Anthony stated that exempting all distributed solar generation from exit fees would amount to roughly a few cents a year for other customers. Lin noted that the cost to implement and collect exit fees from customer solar generation would far exceed the amount of fees that would be collected from these customers.

2/24/03	A02-03-059	Pacific Bell Telephone Company (U 1001-C), for Arbitration with Pac-West Telecomm, Inc. (U 5266-C) pursuant to Section 252(b) of the Telecommunications Act of 1996.
---------	------------	--

Summary: On February 20, 2003, Brad Jenkins, President for O1 Communications, Inc. (O1), met with Robert Wullenjohn, advisor to Cmmr. Brown, Lester Wong, advisor to Pres. Peevey, Jonathan Lakritz, advisor to Cmmr. Wood, and Tom Long, advisor to Cmmr. Lynch, in four separate meetings in San Francisco. Also present were Max Seely, Vice-President, and Keenan Davis, General Counsel, and John Clark of Goodin MacBride, Squeri, Ritchie & Day, LLP, attorneys, for O1. Written materials (attached to the notice) were used. O1 representatives stated that the determination in the alternate of Cmmr. Brown to require Pac-West Telecomm, Inc. (Pac-West) to compensate SBC Pacific Bell for transporting VNXX traffic to the parties' point of interconnection would, if extended to O1, be devastating on O1, and customers who use dial-up modems to access the Internet. O1 representatives explained that the alternate violates federal law. O1 representatives suggested that the elimination of competition that would result from adoption of the alternate could be expected to result in substantive increases to AST SBC's rates. Finally, O1 representatives noted that the use of dial-up modems is declining in favor of broadband Internet access, and, for that reason, it is doubtful that SBC Pacific Bell is truly experiencing any true economic costs

in carrying VNXX traffic. Instead, O1 representatives contend that most if not all related costs are sunk and therefore, the issue that the alternate is seeking to address is not related to encouraging appropriate investment, but simply reallocation of embedded-cost-based revenue requirements.

2/25/03	R93-04-003	Commission Order Instituting Rulemaking on Commission's own motion to govern open access to bottleneck services and establish a framework for network architecture development of dominant carrier networks and
	I93-04-002	Commission Order Instituting Investigation on the Commission's own motion into open access and network architecture development of dominant carrier networks.

Summary: On February 21, 2003, Natalie L. Billingsley, the Office of Ratepayer Advocates (ORA), met with Robert Wullenjohn, advisor to Cmmr. Brown, in San Francisco. Billingsley commented that Verizon's current loop rates were too high, and that adopting the Florida rates proposed in the Pres. Peevey's alternate would further prevent competitive entry in Verizon's territory. Billingsley noted the inappropriateness of picking and choosing rates from different states, and reiterated that adoption of the alternate would result in rates that are not TELRIC-compliant and further would constitute legal error. Billingsley stated that the ORA thought the ALJ's draft decision was reasonable, based on evidence and was preferable to the alternate. Billingsley applauded the Pres. Peevey's alternate proposal for non-recurring charges.

Summary: AUGMENTATION REQUIRED. On February 20, 2003, Natalie L. Billingsley, representing the Office of Ratepayer Advocates (ORA) and The Utility Reform Network (TURN), met with Cmmr. Wood in an all-party meeting in San Francisco. Also present were Jonathan Lakritz, advisor to Cmmr. Wood, and representatives of a number of parties. Billingsley commented that the ORA and TURN's interest in this matter is to ensure that ratepayers benefit from competitive choices. Billingsley stated that Verizon's current loop rates were too high, and that adopting the Florida rates proposed in the Pres. Peevey's alternate would further prevent competitive entry in Verizon's territory. Billingsley noted the inappropriateness of picking and choosing rates from different states, and argued that adoption of the alternate would result in rates that are not TELRIC-compliant and further would constitute legal error. Billingsley stated that the ratepayers have paid for the costs of the infrastructure necessary to support local competition, and that they deserved to have actual competitive choice. Billingsley urged the Commission to vote for the ALJ's draft decision.

2/28/03 I00-11-001 Commission Investigation into implementation of Assembly Bill 970 regarding the identification of electric transmission and distribution constrains, actions to resolve those constrains, and related matters affecting the reliability of electric supply.

Summary: *THIS IS AN AUGMENTED NOTICE OF AN EX PARTE COMMUNICATION THAT WAS FILED ON February 14, 2003 AND APPEARED IN THE CALENDAR OF February 26 , 2003.* On February 11, 2003, Stacy Van Goor, Attorney for San Diego Gas & Electric Company (SDG&E), met with Cmmrs. Wood and Kennedy in an all-party meeting in San Francisco. Also present were Steven Weissman, advisor to Cmmr. Wood, Laura Krannawitter, advisor to Cmmr. Kennedy, Belinda Gatti, advisor to Cmmr. Brown, Joe Klobberdanz, Regulatory Affairs Manager, and Billy Blattner, CPUC Relations Manager, for Sempra Energy Utilities (SEU), Linda Brown, Senior Engineer, SDG&E, and other attendees, listed on the attachment to the notice. Written material (attached to the notice) was used. Van Goor stated that SEU supports the proposed decision's findings that the Miguel-Mission and Imperial Valley Substation upgrade projects are needed based on economic analyses. Van Goor stated that the record supports the economic benefits of the project at 1360 mw; at a minimum, the PD should be revised to reflect the new generation about to come on-line near the Imperial Valley substation. Van Goor stated further that the PD should also be revised to update the cap to a total of \$61.1 million and remove the unnecessary requirement for a reasonableness review. Van Goor continued that the benefits found were not challenged, and that these benefits accrue to SDG&E's customers and to ratepayers in the CAISO control area. Van Goor urged the Commission to respect the record and plan for the future.
